

Model 300 – Pre-heater (Hydraulic Systems)

Model 300	:	300 Thermoplastic Pre-heater
Equipment Type	:	Single tank
Holding Tank	:	Stainless steel tank
Capacity	:	300 Kg
Heating System	:	Cylinder LPG, direct heating
Chassis	:	Unit enclosed in mild steel casing mounted on angled steel frame for direct mounting to truck or trailer L100 Yanmar diesel engine / L100 Sohoku
Engine	:	engine
Agitator	:	Hydraulically driven
Ancillary Equipment	:	Temperature gauge, heating systems and control valves
Dimension	:	1600mm L X 1300mm W X 1680mm H
Gross Weight	:	572 KG
